

Destination Management Company

Our services and accommodation in Seychelles

Cherish unforgettable moments in the heart of the Indian Ocean

About 7°South

7°South's beautiful venture began with its uniquely designed fly fishing experiences offered on Alphonse Island in the late 90's.

Located exactly seven degrees south of the equator, this captivating island was the inspiration behind the company's incorporated name in 1999. 7°South has been designing tailor made journeys for guests visiting Seychelles for over two decades since then.

Why Choose 7°South?

Planning an intricate itinerary requires careful attention to detail combined with an active 'bucket list motivated imagination' and a great amount of flexibility.

Focused on sharing the essence of the beautiful Seychelles archipelago and inspire visitor's curiosity from across the globe to such an enchanting spot. A great part of the company's continued success is credited to its passionate and dynamic multilingual team from diverse cultures, enabling them to better understand our guests' individual need to create ultimate 'live in the moment' stories to take back home.
